This Chronicle Sheet grants access to the following:

This Chronicle sheet may only be assigned to a Pathfinder Society Roleplaying Guild character when you play an adventure between June 16th, 2017 and June 25th, 2017. You can use its boons at any time thereafter.

Free RPG Day is a time to enjoy new games and old favorites. In addition to releasing *Starfinder First Contact* and the Adventure Card Game character Reepazo, this year Pathfinder Society Roleplaying Guild is celebrating a decade of great Free RPG Day adventures by helping you enjoy your favorite one again! As a special thanks, you gain the Free Replay Day boon. If you're participating in a Free RPG Day event, you also gain the Tome of First Contact boon (otherwise, cross out this boon).

Free Replay Day: You regain the ability to replay (or earn full credit as a GM) one of the Pathfinder Modules below for which you have already earned credit. This does not allow you to replay an adventure you have already replayed using the replay opportunity granted by GM stars (or similar additional replay rewards), and this does not allow a character to earn credit from the same adventure more than once; you need to use a different PC to replay the adventure (or apply credit to a different PC). Once you use this boon, cross out the titles of the other modules, and include this Chronicle sheet with that character's records.

☐ ☐ ☐ ☐ ☐ **Tome of First Contact:** You have recovered a strange tome that details utterly bizarre creatures rarely seen on your world. After rolling a Knowledge check to identify an aberration, ooze, or outsider (or a creature that is not native to Golarion) and learning the results, you can check one or more boxes that precede this boon. For each box you check, you can learn one additional piece of information, as if your Knowledge check result had been 5 higher. If you did not succeed at the Knowledge check in the first place, you can check one box to succeed at the Knowledge check to learn one piece of information plus the creature's name, type, and subtypes.

Once you check the last box, you've expended the tome's greatest secrets. It remains a curious keepsake.
