

PATHFINDER SOCIETY ROLEPLAYING GUILD

ADDITIONAL RESOURCES
Last Updated Monday, November 7, 2016

Below is a specific list of Paizo Inc. products and the equipment, traits, deities, spells, feats, and classes contained within that are legal for play in Pathfinder Society Roleplaying Guild. While most of the *Pathfinder RPG Core Rulebook* is legal for play (with some feat and spell exceptions), these additional resources give you new character options. If a product does not appear on this list, then it is not considered legal for play. This list will be updated frequently as new products are released.

In order to utilize content from an Additional Resource, a player must have a physical copy of the Additional Resource in

question, a name-watermarked Paizo PDF of it, or a printout of the relevant pages from it, as well as a copy of the current version of the Additional Resources list. (If you're bringing a printout of the pages, it must be from the Paizo PDF and not text copied and pasted into a blank word processing document). Since the core assumption for Pathfinder Society Organized Play is the *Pathfinder RPG Core Rulebook* and *Pathfinder Society Roleplaying Guild Guide*, we cannot assume that every Game Master will have the products listed below. As such, it's up to players to bring these items in order to familiarize their Game Masters with the rules.

Feats: The following feats are not allowed in Pathfinder Society Organized Play: Expert Driver, Field Repair, Master Combat Performer, Master Siege Engineer, Performance Weapon Master, Performing Combatant, Secret Stash Deed, Siege Commander, Siege Engineer, Siege Gunner, Skilled Driver, and all performance feats.

The following two feats function differently in Pathfinder Society Organized Play than they do in regular games:

Gunsmithing does not grant the ability to craft firearms, ammunition, or black powder. Rather, it allows the purchase of bullets, pellets, black powder, and alchemical cartridges (with 1 rank in Craft [alchemy]) at the listed reduced price, but does not grant a discount on the purchase of any firearm. Resold items gained through this feat are worth half the actual cost paid, not half the regular market value for the item. No PC can purchase a gun without this feat, even if they possess the Amateur Gunslinger or Exotic Weapon Proficiency (firearm) feats.

A cavalier of 4th level or higher may take the Horse Master trait, ignoring the expert trainer class feature. A cavalier who trades this class feature for another as part of an archetype can not take the Horse Master feat.

Equipment: No Large or larger firearm is available for purchase. The double hackbut, culverin and any advanced firearms on Table 3–4 and advanced firearms on Table 3–5 and are not permitted in Pathfinder Society Organized Play. **No character may purchase a firearm unless she possesses the Gunsmithing feat and firearms are never considered Always Available; a character must possess enough Fame to purchase any firearm not found on a Chronicle sheet or granted by a class feature;** All ammunition except metal cartridges may be purchased.

Spells: All spells in chapter 6 are legal for play except the following: *arcane cannon*, *energy siege shot*, *greater energy siege shot*, *greater magic siege engine*,

and *magic siege engine*.

Other: Unless prompted in a scenario or granted by a Chronicle, the rules for duels, performance combat, and siege engines, and all variant rules in Chapter 5 are not used in Pathfinder Society Organized Play.

All items from **Chapter 1** are legal for play except as noted below. Some rules elements are legal but function differently in Pathfinder Society Organized Play, as described here.

Equipment: No Large or larger firearm is available for purchase. The double hackbut, culverin and any advanced firearms on Table 1–10 are not permitted in Pathfinder Society Organized Play. **No character may purchase a firearm unless she possesses the Gunsmithing feat and firearms are never considered Always Available;** a character must possess enough Fame to purchase any firearm not found on a Chronicle sheet or granted by a class feature. All ammunition except metal cartridges may be purchased.

Special Materials: All special materials, except angel skin, living steel and wyroot, are legal for play. Following recent errata, the scorpion whip in this book is now legal for play.

All items from **Chapter 2** are legal for play except as noted below.

Equipment: Only creatures of the animal type of size Large and smaller may be purchased. No eggs are legal for play. A PC can only purchase an animal, mount, or similar creature if its Challenge Rating is lower than that character's level; creatures with a Challenge Rating of 1 or lower are exempt from this restriction, as are horses. Animal-related gear on pages 80–86 is available for purchase. Transports on pages 86–87 are not available for purchase. All alchemical remedies, alchemical tools, alchemical weapons, clothing, entertainment items, and food and drink are legal for play.

Any character with the Poison Use class ability can purchase and use poisons. For now, they are the only classes that have a list of “always available poisons” (those noted below)—no other class may purchase poisons unless they appear on a Chronicle sheet or in another legal source. Alchemists, ninja, and poisoner rogues may only purchase the following poisons: black adder venom, bloodroot, giant wasp poison, greenblood oil, large scorpion venom, malyass root paste, Medium spider venom, nitharit, shadow essence, small centipede poison, terinav root.

Nothing from **Chapter 6** is legal for play unless it appears on a Chronicle sheet.

All playtest versions of the vigilante from this book are no longer legal for play as of 3/30/16. Anyone playing the playtest version must have updated his or her character as of 3/30/16. Updating the character means retraining any vigilante levels, adjusting any class features, taking class-appropriate archetypes, and reassigning any skill ranks, feats, traits, or favored class bonuses. As part of the retraining process, such a PC may also sell back any equipment that does not use charges at its full market price (or the price she paid, whichever is lower).

Archetypes: All archetypes in this book are legal for play except the brute, cipher, daring general, guild agent, gunmaster, hallucinist, majordomo, tyrant, warlord, zeitgeist.
